- Detailed design
 - Construction phasing plan
 - Bid documents

D. BID & CONSTRUCTION (future)

- <start.....finish>
- 3 month procurement
 - 14 month construction
 - 1 month closeout

April 2016
PROJECT STATUS SUMMARY:

- Preliminary design effort complete with successful endorsement of project scope and concept by local Board of Selectmen, Public Safety, and Historic Commission. Final design and State/Federal permitting underway.
- Construction start anticipated for Spring 2018, completion by Summer 2019.
- Integration of project into the broader town waterfront improvement vision, and construction completion one year prior to Plymouth 400th celebration in 2020, are both currently achievable.
